

The Ford Center Forest Forum: Emerging Management and Research Issues in Northern Hardwood Forests of the Western UP

REGISTER NOW!

Overview: Join researchers and forest managers from across the western UP for an interactive workshop focused on key management challenges facing the region’s northern hardwood forests. Learn about new research, share perspectives on applied forest management, and build connections with local land managers and researchers.

Location: Danis Room, Ford Center, Alberta, MI

Cost: \$35/person, lunch is included
